Fifty Years summarized in Fifty Words (written/typed legibly)

After graduation, I served three years in the US Army. I was discharged in Augusta Georgia and met my wife of 44 years there. We both attended Augusta State University where she majored in education and I in business. I retired from Goodyear Tire & Rubber Co. in 2001. I have two daughters who both attended Florida Universities and received multiple degrees. I have one granddaughter age 5 that I am fortunate enough to spend at least one day a week with just her. I opened a childcare center (Counts Early Learning Academy) in Ocala Florida three years ago. (CountsAcademy.com). My oldest daughter is the director and runs the day to day operations and I handle the financial end of the business. I feel very fortunate to have been able to live the life that I was given. Fifty years and fifty words have gone by much too fast.

Fifty Years summarized:

50 years is a long time and it seems that during that period we went from a friendlier/uncomplicated way of life to an uncaring/insecure society with a good mix of violence and tragedy, so it's an important time to have inner peace [Philippians 4:7], security/safety [Psalm 4:8], unconditional love [Romans 5:8], and most importantly, knowing where you will spend eternity [John 3:16].

Fifty Years summarized in Fifty Words (written/taped legibly) Wow, how time flies.

Though I am now retired, I spent 42 of those years in heavy, civil and marine construction. I pounded nails to having been VP of my own division. Geographically, I worked from Florida, up the coast to Massachusetts, thru the great lakes to Missouri, down the Mississippi to Louisiana and a lot of points in between. Loved every day of it.

I have a great marriage, wonderful kids, the best (LOL) grandchildren and a brand new great-grand-baby boy!

Today I am grateful to celebrate with dear friends, our common experience of growing up in Fort Lauderdale, where we all had security and a broad world view that came from being with friends who came here from all over our country. Life was so simple and innocent and to be surrounded by such a beautiful environment was simply icing on the cake. I am grateful for my partner of almost forty six years who is always kind, patient and generous. I have learned that while the good times are wonderful it is the tough stuff that calls us to grow. Hugs to all, Barb

Fifty Years summarized in Fifty Words (written/typed legibly)

Fifty years, where did it go so quickly? I was born in Broward General Hospital. My Dad graduated from Ft. Lauderdale High School around 1928. I went off to college and then the Army. Like most I guess I thought I would return and take up my life where I had left off. The company I went to work for sent me to Charleston, S.C. and then Augusta, Ga, and then Philadelphia, Pa. I moved to Alexandria, Va. In 1976 and have been here thirty-three years. I've retired from the restaurant and then the real estate fields and have been semi-retired for a number of years where I'm fortunate enough to shepherd VIP's and foreign clients around Washington DC historical sites and the many Civil War Battlefields that dot Virginia, Maryland and Pennsylvania. History has always been a passion and you can't beat this area for variety and interest. I was a Civil War reenactor for many years. I owned my own civil war cannon (3" Ordnance Rifle & caisson) that we transported by truck. I've worked with the National Park Service and BBC on Civil War documentaries and movies shown at park visitor centers. I've slept inside Ft. McHenry (Baltimore) and camped on the battlefields at Gettysburg and Antietam, Appomattox, Cedar Creek and other local battlefields. It's been a great life. I'm looking forward to our reunion and reconnecting with friends.

Fifty Years summarized in Fifty Words

After graduation from University of Florida with my masters in reading and Don with his law degree, we moved to Orlando (BD – Before Disney) where I had a great time teaching reading, elementary school, private school and homebound students for 23 years. Our son, Don, Jr., practices as an attorney in Sarasota and is the father of our four grandchildren. Our other son, Derek, will graduate in December from Barry Law School and join his dad practicing law in Orlando. Don and I enjoy anything in the great outdoors as well as attending arts events. When not gardening or reading a good book, I'm volunteering at Cornell Art Museum or attending various clubs and organizations. I especially enjoy our grandchildren and our new lab rescue puppy.

A wonderful experience, especially for a "newcomer" from the north in my sophomore year. We had reasonable school hours, chorus, art, clubs, not much controversy, and of course, P.E. which we hated. How did we learn so much with so many electives! Hooray for the 50's!

George, per our conversation, I will let you know by the end of April. There will be only me as my husband will be working. Thanks. J.

Fifty Years summarized in Fifty Words (written/typed legibly)

After Graduation from FLHS I attended the University of Florida and the Junior College of Broward County. I moved to Gainesville, Florida where I met and married my first husband. We first lived in Jacksonville, Florida where our daughter was born. We were there for three years and then moved to Vancouver, British Columbia in 1967 for my husband's work. We were divorced in 1973 and I remained in Canada where I worked for an international airline for 28 years prior to my retirement in 2003.

My daughter and I have had a wonderful life in Canada. My daughter finished high school and university (unlike her mother...) and was married in 1987. They have two children, a boy, Connor, who is now 16 and a girl, Chelsea, who is 17 and graduates exactly 50 years to the day that I did. They are such a joy in our lives. They live closeby and we see them often.

I remarried in 1979 to my wonderful husband, Michael and we live in Richmond, a suburb just outside Vancouver. We love to travel and plan to do alot more of it when my husband retires in a couple of years. I love to garden and I dabble in photography. I enjoy scrapbooking after a long trip and am quite active in our church where I volunteer.

The 2010 Winter Olympics are coming to Vancouver next year and we plan to enjoy as much of the festivities as we can. The new Olympic Speed Skating Oval is quite near our home so we are looking forward to using the facility for many years after the games.

I am praying that I will be at the 2009 Class Reunion to "catch up" on the past 50 years!

FIFTY YEARS IN A LITTLE OVER FIFTY WORDS.....

I loved college so I loitered for ten years.

Salem College (didn't love women's college), University of Miami, University of Michigan (Biological Station), Western Michigan University, finally graduated.

Enjoyed several parts of the U.S. - Lived in Miami, Kalamazoo, Michigan, East Lansing, Michigan, Pleasant Valley, Montana, Brutus, Michigan, back to Ft Lauderdale in 1988 for 20 years, and now happily in Atlantic Beach, Florida - on the barrier island east of Jacksonville.

I occasionally worked - Atlantic Federal, Coral Gables Federal, Photographer for nature center in East Lansing, Spent two years teaching in a one-room school in Pleasant Valley, Montana and being a "cowgirl" on weekends (Spring round-ups, brandings and chasing cattle rustlers - just the usual). Moved back to Michigan - enjoyed raising my son, Seth. In Michigan I bought and sold antiques then spent ten years in my flower shop in Harbor Springs. Finally back to Ft Lauderdale to help manage our family business and live in the Harbor Beach area for 20 years and now retired and being a beach bum and happy person in Atlantic Beach.

Married for forty years - but not to the same husband.....
now happily single - back where I started!

Sandra Hunter

Fifty Years summarized in Fifty Words (written/typed legibly)

After graduating from FSU with an education degree, I taught off and on for six years. Jim Bowen, Class of '58, and I have been happily married for almost 45 years, despite the "Gator-Seminole-conflict". After Jim's 30-year ministry in Stuart, Florida, we retired to Maryville, Tennessee, near the Smoky Mountains.

Fifty Years Summarized (in a bit more than 50 words):

Left UF in 1962 to enlist in U.S. Air Force for 4 years. Stationed in Texas, Mississippi, Bermuda (where I met my first wife) and Denver, CO (where my first child was born). After discharge, finished up B.A. at FAU. Returned north to MA, where my wife was from, and proceeded to work for several computer companies and think tanks in the famed "128" area around Boston - first as a technical writer and later as a marketer and advertising manager - for some 12 years, before I left the industry to become a consultant to the Associate Commissioner of Special Education in MA (where I met and married Kay). I have been an advertising consultant with my own small agency for over 25 years. I retired 2 years ago after my 86-year-old mother's untimely death. Life is constantly frantic and extremely fulfilling, what with visiting my older children and grandchildren in Maryland, spending time with Jacqueline in New York (where she is a founding member/special education director of a charter school in Brooklyn) and Katharine in California (where she has worked as a restaurant manager and most recently trained as a pastry chef and is now eager to start her own business - on the East Coast, we hope, eventually!). I am a great lover of music and an avid concert goer in New York, or wherever we happen to be. Extremely fortunate family circumstances have enabled us to split our time between NJ and our house on Martha's Vineyard for most of the last 25 years (summers there while the kids were in school, and fully 6 months in each place, now that we are empty-nesters). Life and health are thankfully good right now, but we all know how both can change in a blink.
